

# Artistic® **REACTIVE** **BREATHABLE** 3-IN-1 BASE · TREATMENT · TOP COAT

Artistic Nail Design is excited to introduce **BREATHABLE** 3-in-1 Base, Treatment, and Top Coat. This new product cares for your nails as much as it cares for your manicure. Now with **BREATHABLE** we just made every lacquer you own better and your nails too!

**What It Is:** 3-IN-1 Base, Treatment, and Top Coat

**Why You Need It:** The formula creates unique polymer gaps that allow air to pass through nail lacquer AND continue through when it's also used as a Top Coat. This makes the lacquer permeable and the nail can receive nutrients as they were meant to.

**When To Use It:**

Prep

Finish

Removal

- Works with any lacquer system
- Contains vitamin A, B5, E
- Soak-free removal
- Halal-certified

Item #: 2303205
